Golf Awards & Raffle
Auction**
Guest Speaker:
*Amy Tausch, President/CEO
of NY Warrior Alliance*

New York Warrior Alliance

The New York Warrior Alliance was founded in 2007 at Pittsford Baptist Church. This organization began as a military ministry that involved praying for deployed military members each Sunday during the church service, a practice continued on to this day. The ministry has evolved to an annual November collection of supplies for wounded warriors and their families at Walter Reed National Military Medical Center in Bethesda, MD, as well as other military hospitals, in honor of Veterans Day. As we have grown, NYWA is now able to provide financial support on a case by case basis.

We support the wounded military members and their caregivers by honoring their service with donations to aid in their rehabilitation. Our funding is supported through donations received from the community and other non-profit organizations. NYWA (formerly known as Operation Wounded Warrior) has had 8 missions to Walter Reed with truckloads of supplies to aid the Warrior Transition Brigade and the caregivers that stand by their warriors.

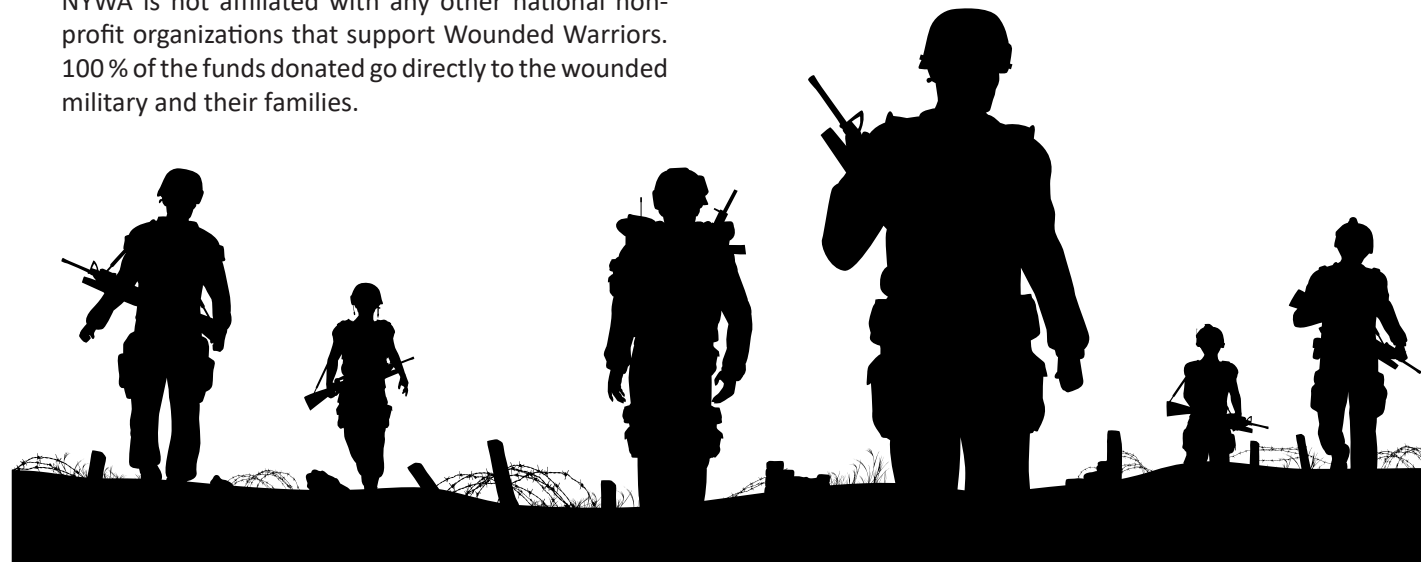

Since 2008, an estimated \$90,000 funds and merchandise donations have been raised for wounded warriors and their caregivers. NYWA administers all of the distribution of the funds and goods donated. NYWA is not affiliated with any other national non-profit organizations that support Wounded Warriors. 100% of the funds donated go directly to the wounded military and their families.
